

1. Bleachers: Closed to spectators at all fields. Only players in the bleachers.
2. Please limit the number of players sitting in the dugout to 4. Use the bleacher area/areas between the shed and dugout entrance if need-be, but we cannot maintain any sort of distancing if they crowd the dugout.
3. Spectator seating: Spectators must bring their own seating, and must sit down the foul lines/around the outfield fence. No spectators behind the backstop, near the dugout area, or in the bleachers.
4. Please make pregame meetings at home plate, as well as postgame "good game" routines as contactless as possible. Most of us have played tournaments by now, so just mimic what we've seen at tournaments.
5. The playground is open.
6. The water fountain is still closed, so please make sure players have their own water.
